## Heat Gun

Part number: 1873  Technical

### Description

Variable temperature heat gun kit for 250 to 1100 degree F applications. Perfectly suited for heat-shrink tubing, flex conduit & heat-shrink solder tube applications.

### Features

- Electronic variable heat control ranging from 250-1100 degrees F or 120-590 degrees C
- Two speeds: high or low
- UL listed

### Advantages

- Comfortable, lightweight design reduces user fatigue
- Includes 3 nozzles: window nozzle, deflection nozzle & .47" (12 mm) focusing nozzle
- Double insulation safeguards injury from possible electrical failure inside gun
