Electronics

CircuitWorks® Heat Sink Grease

The tube dispenser for precise application of silicone compound that facilitates heat transfer away from electronics and electrical components

- Excellent thermal and dielectric properties
- Will not dry out, harden, or melt
- Noncorrosive and nonflammable
- Thermally stable from -40oF/-40oC to 342oF/172oC
- Meets MIL-DTL-47113D Type I

Applications:

Maximizes heat transfer between circuit components and heat sinks

CT40-5 142 g Tube
