ELECTRICAL LABELING
CODExES AND STANDARDS

HellermannTyton offers a series of label creation and printing systems which allow users to design, edit and print required labels for Industrial Control Panels. HellermannTyton's labeling systems help meet the requirements for labeling outlined in the National Electrical Code (NEC 2014), American National Standards Institute (ANSI Z535.4 – 2011) and UL508A for Industrial Control Panels. These standards provide details and guidelines for the design, placement, durability and colors of needed labels. HellermannTyton's labeling solutions include TagPrint® Pro 3.0 labeling software, labels and thermal transfer printing systems.

INDUSTRIAL CONTROL PANELS

SOLID COLORED CONTINUOUS VINYL ROLLS

BANDED CONTINUOUS SIGNAL PANEL VINYL ROLLS

PRE-PRINTED SIGNAL WORD LABELS

GENERAL REQUIREMENTS

UL 568A SECTION 54
